You need to know...that photographs are always cold  
And in the end...I just wanted to feel better  
Cause I'm not...when's this gonna stop

(CHORUS:)

Make me break down...I've waited this long so let me  
out  
Left but you linger and it's all wrong  
Cause it's what you want from me.

And everybody is talking to me...I'm still not quite the  
same  
And I'm thinkin'...why'd I even take the chance outlast  
Would you do it? Do it for me?  
And I swear...I only hoped that you'll feel better.  
Cause you're not...when's this gonna stop

CHORUS

Said I'm ready but I'm not...you were here now you're  
gone

You need to know...that photographs are always cold  
And in the end...I just wanted to feel better  
Cause I'm not...when's this gonna stop

CHORUS
