Oh say, darling, say  
When I'm far away  
Remember what I say  
I'll be true, dear  
The bright sunny day  
Will soon fade away  
Remember what I say  
I'll be true, dear

Though I'm not here, my memory will still remain  
I won't forget the promise to be sincere  
I won't forget the plans we had to start our life anew  
So we can live as happy as can be

Oh say, darling, say  
When I'm far away  
Remember what I say  
I'll be true, dear  
The bright sunny day  
Will soon fade away  
Remember what I say  
I'll be true, dear

When I return we'll start our life anew  
And I'll do everything a good man will always do  
We'll build a family a boy for you and a girl for me  
Then we will know that we'll never have to part

Oh say, darling, say  
When I'm far away  
Remember what I say  
I'll be true, dear  
The bright sunny day  
Will soon fade away  
Remember what I say  
I'll be true, dear

Remember what I say  
I'll be true, dear...
