"Stop Your Gang War"

Visit "[Stop Your Gang War](#)" on MotoLyrics.com

Brothers, brothers, please stop your tribal war.
Brothers and sisters, please stop your gang war.

We can't go on killing one another.
We got to find a way to love each other, love each other.
Oh yeah--love one another now.

Brothers, brothers, please stop your tribal war.
Brothers and sisters, please stop your gang war.

We got to remember our little children.
We got teach them the right example, the right example.
Oh yeah
We got to remember our little children.
We got to teach them the right example, the right example. Oh lord help us
now

Brothers, brothers, please stop your tribal war.
Brother, sister, brother, please stop your gang war.

We can't go on killing one another.
We got to find a way to love each other, love each other,
love each other, love love each other, love love each other.
