Pull you down now

Knees knelt, I got my arms open wide

I got the shades turned, so the colors die

No, don't hold too tight to the reel

Cause it's a big one boy

Its' gonna pull you down now

Pull you down now

No, the cook can't look

No, the cook can't look

No, no cause he's keeping his eye on the kettle

In deed he will be around

When you or you or you feel the need to feel

Pull you down now

Well I live more than what you'll ever know

But I'll give you more than what I'll ever show

I live more than what you'll ever know

And I give you more that what I'll ever show

More than I'll ever show

More than I'll ever show

More than I'll ever show

More than I'll ever show

More than I'll ever show

More than I'll ever show
