How come, girl was there when I needed one

How come, girl was there when the song is done

Some say, open your eyes to a brighter light

Okay, open my arms they were right

She was my soul one

She felt she was the only one

She was the sun, the sky blue eyes

She was my soul one

Inside, pain in my heart often made her cry

Outside, I cursed the birds and the sugar sky

How long take to realize she's the one

How long until I find my lost and lonely soul one

She was my soul one

She felt like the only one

She was the sun, the sky blue eyes

She was my soul one

Should of never taken the time

'Cause I found myself living a lonely lie

You said, you left to find yourself

But I never, no I never got the chance to say good-bye

She was my soul one I though she was
