Pretender:

Pretend you love me,
now tell me what you'd say to let me know cause here I
am. Pretend you care about me,
now do your best to show me how you feel cause here I
am.
It's amazing how familiar you're pretending sounds to
me;
acting like you love me when you're lying through your
teeth. But I can see much clearer since you've gone;
that you've just been pretending all along.
*I finally see you for who you really are and you can't
change that now, no matter how you try.
I'm finally waking up,
and things are clearer now.
You'll never get me back no matter how you try;
no matter how you try.
So much for good times.
You seem to be so happy here with me. Now I wake up
angry when I meet you in my dreams.
And I can see much clearer since you've gone; that
you've just been pretending all along.
(*) Don't even bother cause it's over;
I can't play this anymore. I have cried but now it's over;
every thing we had just walked right out the door.
(*) I'm finally wising up to you;
and I finally see you. Yeah I finally see you.
I'm finally wising up to you.
You'll never get me back, no matter how,
no matter how, no matter how you try.
