I see the difference now but I'm not sure how things  
just fall in line.  
I search my mind for someone that I trust more but  
you're the one I find.  
I'm not so easy trusting people simply cuz they ask me  
to.  
And yet it's crazy you would never ask me but I still do.

Cuz I, knew you loved me before you told me, before  
you said the words  
cuz I could see it in your eyes every time and I know it's  
more than some sweet story  
that you said to confuse me and it's about time that I  
made up my mind about

I know it's hard to see, I need your patience please.  
I need to clear my head.  
Time to clear my head.  
My heart belongs to you but there's still one truth.  
It's not the first time these words have been said.

Cuz I, knew you loved me before you told me, before  
you said the words  
cuz I could see it in your eyes every time and I know it's  
more than some sweet story  
that you said to confuse me and it's about time that I  
made up my mind about

you I will try to find a way  
say it once and then I, I'll do it all again.

I could be the best for you today  
say it twice and then I, I'll have to give in.

And I knew you loved me before you told me, before  
you said the words  
cuz I could see it in your eyes.

And I, knew you loved me before you told me, before  
you said the words  
cuz I could see it in your eyes every time and I know it's

more than some sweet story  
that you said to confuse me and it's about time  
I made up my mind. Some sweet story.

I made up my mind about you.  
Some sweet story

Cuz it's about time that I made up my mind about you.
