I was gone for fourteen days  
Could have been gone for more  
Held up in the intensive care ward  
Lying on the floor  
I was gone for all those days  
But I was not all alone  
I made friends with a lot of people  
In the danger zone

See my lonely life unfold  
I see it every day  
See my lonely mind explode  
We're not going away

I coulda lost some weight there  
And I really need some rest  
Sleeping don't come very easy  
In a straight white vest  
She'd like to see the little children  
She's only four years old  
I give her back all of her playthings  
Even ones I stole

See my lonely life unfold  
I see it every day  
See my lonely mind explode  
When I go insane
