I want it all  
I want it all

[Tim:]

Some come hoping to bleed it  
Some look up but don't see it  
Some are stand up and some seated  
Some will take and some leave it  
If you're talking shit you're gonna get it  
I ain't the one to regret it  
I said what I said so believe it  
You were humble, kid, now you're conceited

I should have known all along  
Fuck 'em

[Rob:]

So what, I got a little wet  
More than just a little bit  
Lost at the pharmacy  
Ambien to Riddlin  
Found the ladies, love the pills  
Give it to 'em, skip the meals  
On her toes designer heals  
Expensive habit, flex the deals  
It's there for the taking I'll go out myself  
Or else I'll be forever waiting after somebody else  
You've seen me get mine so why should I pay?  
I'd rather rob the dope spots and take their profits  
away

I want it all  
I want it all

[Tim:]

I always confront the approaching  
Previous experience is like I get a notion  
And I imagine the impending  
It's me walking away and it's your life ending  
When the crew is falling  
And you sit by the phone all alone no one calling,  
no longer sprawling, no one trawling, beaten up,

broken down and apawling.

And you wanted it all  
But you end up with nothing  
Ain't that something

I want it all  
I want it all
