And I ask you, my brothers and sisters
Who is the true animal?

Looks so violent, death is silent
Beating me with your words
I'm bleeding now battered to your head
And degenerating here at the brand new hope

Devils surround me, ain't gonna stop me
Tearing apart my soul beneath my guts
About to go outside, but he don't see I
Seem to have lost control

And now, my brothers and sisters
The inversion begins

Forever in night light, losing in hindsight
Ownership changes hands, you'll never know
It only gets through me causing a slow death
Welcome to human hell

I got you a new fate, back in the sweepstakes
Leaving the streets behind, your final sign
Silence is true peace, don't ever read me
Aloud 'cause I'll take your life

I'll have you, I'll have you, wishing for
I'll have you, I'll have you, wishing for
I'll have you, I'll have you, wishing for
I'll have you, I'll have you

I'll have you, I'll have you, wishing for
I'll have you, I'll have you, wishing for
I'll have you, I'll have you, wishing for
I'll have you, I'll have you, wishing for

A quick death, a quick death
A quick death, a quick death
A quick death, a quick death
A quick death, a quick death
A quick death, a quick death

I?ll have you, I?ll have you, wishing for
I?ll have you, I?ll have you, wishing for
I?ll have you, I?ll have you, wishing for
I?ll have you, I?ll have you

I?ll have you, I?ll have you, wishing for
I?ll have you, I?ll have you, wishing for
I?ll have you, I?ll have you, wishing for
I?ll have you, I?ll have you, wishing for

Wishing for
