[Verse 1]

There was times I didn't want to bother you
You were at work all night I didn't want to complain
And I realize the compromise that love ones make
I'm holding on for the future some more better days
With you

[Chorus]

Be without you
Oh wouldn't be with out you
Oh I live for your love
For you

[Verse 2]

Say word I'm there when you need me
My job is to protect you although I know
That women get emotional in need of love
So I tried to learn your species and one day we'll grow

Grow

[Chorus]

Be without you
Oh wouldn't be with out you
Oh I live for your love
For you

[Bridge]

I live for ya.... live ya
I live for ya lovin baby
Without you..without your love

[Chorus]

Be without you
Oh wouldn't be with out you
Oh I live for your love
For you

I wouldn't be without you
I couldn't live without you
Never gonna smile without you
Won' be without you
