Can't believe this is happening

Stand here looking in the mirror  
Saying damn to myself  
I was flipping through her cell phone pictures  
That's when I saw somebody else  
Now she told me he was just a friend  
But friends don't send pictures like that  
I didn't even start an argument  
Grabbed my louis bags and packed thinking  
(Why) why you wanna do this to me  
(We) we were supposed to get married  
Did you ever stop to think at all  
This will tear a hole in me  
Did you ever even care at all  
That I'd be questioning

(Chorus)  
(Will I ever love again) will I ever love again  
(Will I ever trust again) will I ever trust again  
(Will I ever feel again)  
The kinda of love that I felt for her  
Until then I'll just be a broken man

I wish I didn't really care  
I would chalk it all up  
But I now I have to cancel the engagement  
And tell all my books  
Return the tux, the ring, the keys to everything  
(everything)  
I guess I gotta let her go  
And she'll be thinking  
(Why) why you wanna do this to me  
(We) we were supposed to get married  
Did you ever stop to think at all  
This will tear hole in me  
I know I have to move on  
But the question

(Chorus)  
(Will I ever love again) will I ever love again  
(Will I ever trust again) say will I ever trust again

(Will I ever feel again)  
The kinda of love that I felt for her  
Until then I'll just be a broken man
