*[Verse I]*

Chyna Black is like an open road  
Takes me places releases my soul  
Ain't it funny how life goes  
Takes a turn through a journey unknown

No hesitation no tug no pulls  
Aint no need of fighting for what's yours  
A little smile releases old smoke  
Just take the ride read the signs and hold on.

*[Chorus]*

You're what I want  
You're what I need  
Give me reason to just to breath  
You're everything I'm hoping for give me love and so  
much more  
You're what I want  
You're what I need  
You touch the deepest part of me

*[Verse II]*

Chyna Black is like my old ford  
Picks me up helps carry the load  
I can depend on when times are cold

Soothes my body like mom's old robe.

No hesitation no tug no pull  
Ain't no need of fighting for what's yours  
A little smile release old smoke  
Just take the ride read the signs and hold on.

*[Chorus]*

You're what I want  
You're what I need  
Give me reasons just to breath  
You're what I want  
You're what I need  
You touch the deepest part of me  
You're what I want  
You're what I need

Give me everything  
Give me everything  
Give me everything  
That I need  
Give me everything  
Give me everything  
What would I do without you

Chyna Black is like an open road
