Wassup?
Hey, hey, hey, hey

We don't have to worry 'bout no money
To have us a real good time
And we don't have to leave in the morning
The whole day just you and I
And it don't have to get any better
It's perfect you in my life

If you're cool then I'm cool, then we're cool

We don't have to worry 'bout no groceries
We can fill up on love alone
If we ain't got enough for a movie
We can just sit at home
Have a little role play, baby
Whatever turns you on

If you're cool then I'm cool, then we're cool
If you're cool then I'm cool, then we're cool

Quit your worrying, baby, quit your worrying, girl
You don't have to worry no more, baby
Quit your crying, lady, dry your eyes
We can conquer the world

Pack a little love for the evening
Let me hold you tight
Don't be worried about my problems, believe me
Everything's gonna be alright
We can shoot for the moon, watch some cartoons
Whatever makes you smile

If you're cool then I'm cool, then we're cool
If you're cool then I'm cool, then we're cool

Quit your worrying, baby
You forget about your problems now
Quit your worrying, girl
You never gotta worry about a thing, no

Quit your crying, lady
Quit your crying, baby
We can conquer the world
We can conquer anything together

Me and you in the pick-up truck, touchin' and kissin'
I'm bare foot strawin' 'em out, laughin' and kissin'
I know you from the city of love, Louis Vuitton
But you're stressed out, come over here and let me
calm

Your soul, let me rub on your back, paint on your toes
Let me scratch the dandruff out of your scalp
Pickin' your nose, oh boy, you so nasty
Is all I hear you scream

But you the answer to my question
The 'eh to my dreams, you a radio killa
We can call our white friends up and drink a Miller
Genuine draft then kick 'em all out of the house, take
us a bath
You choose all I need in this world is Y O U and I'm cool

Don't worry, girl, don't worry, yeah
Don't worry, no, you ain't never got to worry about a
thing, baby
We're alright, said, we're alright
Hold on, hold on, hold on, hold on

Quit your worrying, baby
Quit your worrying, quit your worrying, girl
Forget about the problems in the past
Quit your crying, lady
Go on and dry your eyes, baby

We can conquer the world
We can conquer the world
Baby, baby, we can conquer the world
Gon' forget about your problems
We can conquer the world
