Last night I fell in love
Alright, alright, yea, yea

It takes control of me
When I see love in your eyes
Your like a spring time breeze
You send chills through me

A natural high, it's just the way
You've been my best friend right by my side
And there's no one else like you, baby
Last night I realized that's why

Last night I fell in love with you
(See I fell in love with you again and again, yea)
All over again, it's true, I fell in love with you

It was unbelievable when
You touched me so tenderly
Your kiss was so sweet
And though you will never know

It was like a dream I hope that it will never end
Please, do it again 'cuz it feels so right
I need someone to pinch me please
'Cuz I can't believe it happened in one night

Last night I fell in love with you
(See I fell in love with you again and again, yea)
All over again, it's true, I fell in love with you

Last night it feel just like
(Our very first time)
When you and I first made love
(On that first night)

It would be only right if we just lived our life
(Side by side)
'Cuz last night I feel in love with you again like the first
time
(Last night, last night)

Last night I fell in love with you
(See I fell in love with you again and again, yea)
All over again, it's true, I fell in love with you
