My old lady's on the other side of town with her ex-boyfriend  
Drinkin' again, drinkin' again  
So you choose to lose someone who loves you and a  
real good friend  
For a bottle of gin, a bottle of sin

You picked a fine time to leave me Lucille  
Now I'm sittin' at the top of the hill  
Now my heart is broken and I'm all alone  
And I don't know what to feel since you've been gone,  
gone away

I over heard somebody say they saw you cryin' in the  
bar last night  
With a blackened eye, blackened eye  
I know mistakes I made, but this time you came in for  
another  
That will treat you right, treat you right

You picked a fine time to leave me Lucille  
Now I'm sittin' at the top of the hill  
Now my heart is broken and I'm all alone  
And I don't know what to feel since you've been gone,  
gone away

You picked a fine time to leave me Lucille  
Now I'm sittin' at the top of the hill  
Now my heart is broken and I'm all alone  
And I don't know what to feel since you've been gone,  
gone away  
Gone away

Used to love me, now you want to leave me  
Right when I told you, "I love you"  
Don't think you ever believed me when I said  
You used to love me now you want to run away  
Right when I told you, "I love you"  
Don't think you ever believed me when I said

Ohh, I love you, oh, I love you, I love you  
You were my baby, oh, you were my love sugar darling

I know he didn't love you the way I did  
Baby, oh yea, oh I love you  
Don't you know I cared? Don't you know I love you?  
And I always want to be there  
Oh, and you know I'd loved you, hey, you know I'd  
loved you baby  
And you know he really didn't care about you  
I never would have hit you baby, no no  
Said I've never would have hit you baby, oh no, oh no  
You know I loved you and I, I really did care about you  
baby  
Ohh, you know I loved you, you know I loved you baby  
How could he hit you baby?
