Hello, hello, hello
Hello, hello

Hello
(Hello)
It's been awhile since I've seen your smile
I've had my eyes wide open for the longest time
Hopefully I'd see you on TV or a motion movie

The strangest thing happened to me just the other day
I heard a voice and I called out your name
As a speeding cab pulled off from me, from me

Been a while since I seen your smile
And I don't know when I'll see you again, hopefully
soon
In old magnolia's room where I will be waiting

The chances are you picked up, packed up, didn't go
real far
Maybe you're resting on the other side of town
Hopefully waiting to be found, be found

The strangest thing happened to me just the other day
I saw your picture and I called out your name
As a speeding cab pulled off from me, from me

Been awhile since I seen your smile
And I don't know when I'll see you again, hopefully
soon
In old magnolia's room where I will be waiting, waiting
for you

Been awhile since I seen your smile
And I don't know when I'll see you again, hopefully
soon
In old magnolia's room where I will be waiting for you,
for you

I would swim cross the ocean, fly cross the widest sea
for you
There ain't nothing in the world I won't give to make

you happy
I gave up my night life to be by your side
Only if it will bring you home to me

Been awhile since I seen your smile
And I don't know when I'll see you again, hopefully
soon
In old magnolia's room where I will be waiting

I will be waiting, baby
I will be waiting

Been awhile since I seen your smile
And I don't know when I'll see you again, hopefully
soon
In old magnolia's room where I will be waiting

Been awhile since I seen your smile
And I don't know when I'll see you again, hopefully
soon
In old magnolia's room where I will be waiting

Been awhile since I seen your smile
And I don't know when I'll see you again, hopefully
soon
In old magnolia's room where I will be waiting

Oh, magnolia's room is getting kinda cold
And you've been gone too long, too long
And I'm going crazy baby, yeah, yeah, yeah
