## Verse 1

Now we've been through too much together  
And that separates us from the rest  
Now we are approaching up on stormy weather  
Let's see what our love is made of  
I hate you were crying last night  
Said I should've been by your side  
Girl, please don't you leave me  
And girl, don't you say goodbye

## Chorus

Now we've been through too much together  
And we're approaching stormy weather  
But girl, you're my first love  
And no matter what the people say  
I'm gonna love you anyway  
Girl, you're my first love

## Verse 2

Boy, I swear I think you're sacred  
And i'm so thankful that you live  
If I could take back all of the sorrow  
Then I'd, I'd replace it with kiss-es  
You're the air that I breathe  
The perfect one for me  
And baby I, I refuse to let you go  
And I refuse to let you leave

## Chorus(2x)

Now, we've been through too much together  
And we're approaching stormy weather  
But boy, you're my first love  
And no matter what the people say  
I'm gonna love you anyway  
Boy, you my first love

## Outro

I will not let you go away  
I will not let you go away  
See I will not let you go away  
I will not let you go away  
You're my first love

You're my baby  
The way that I love you  
My first love
