(feat. LaToya Williams)

[Verse 1]

Now we've been through too much together
And that's separate us from the rest
Now we are approaching up on stormy weather
Let's see what our love is made of

I hate you were crying last night
Said I should've been by your side
Girl, please, don't you leave me
And, girl, don't you say goodbye

[Chorus]

Now, we've been through too much together
And we're approaching stormy weather
But girl, you're my first love
And no matter what the people say
I'm gonna love you anyway
Girl, you're my first love

[Verse 2]

Boy, I swear I think you're sacred
And I'm so thankful that you're live
If I could take back all of the sorrow
Then I'd, I'd replace it with a kids

You're the air that I breathe

The perfect one for me
And baby I, I refuse to let you go
And I refuse to let you leave

[Chorus]

Now, we've been through too much together
And we're approaching stormy weather
But boy, you're my first love
And no matter what the people
Say I'm gonna love you anyway
Boy, you're my first love

Now, we've been through too much together

And we're approaching stormy weather
You're my first love
No matter what the people say (no matter)
I'm gonna love you anyway
You're my first love
My first love

[Ad Lib]

I will not let you go away
I will not let you go away
I will not let you go away
I will not let you go away

You're my first love
You're my first love
You're my baby
You're my baby

I love you
My first love
