Someday I'll be walkin' along  
And you'll step on the scene where I be  
Hopefully you'll be touched by my charm  
And the words of the song will lead the way  
Bright eyed, then thangs, long hair, earrings  
Just a few of the things I like about you

Sista Big Bones  
(Big Bones)  
Can a brother walk you home?  
(Can I walk right beside you?)  
Look like a plate of neck bones  
(You look so good, look so good)  
I like to keep your body warm

Frankly I admire your style  
How you go into work everyday?  
Confident in your walk and your stride  
Got my note open wide, Miss Thang

I'd like to take you on a nice date  
Shoot some riddles, have some vittles with you  
Make no mistake, I'll be a gentleman  
Take your coat, open doors, things I'll do

Sista Big Bones  
(Big Bones, yeah)  
Can a brother walk you home?  
(Can I walk right beside you?)  
Look like a plate of neck bones  
(You look so good, look so good)  
I like to keep your body warm  
(I like to keep your body warm)

I like to dance with you  
Hold hands and walk with you  
Sing songs and stare at you  
Miss Thang, Miss Thang

Sista Big Bones  
(Big Bones)  
Can a brother walk you home?

(Can I walk right beside you?)  
Look like a plate of neck bones  
(You look so good, look so good)  
I like to keep your body warm  
(I like to keep your body warm)

Sista Big Bones  
(Sista Big Bones, yeah)  
Can a brother walk you home?  
(Can we take a long walk, baby?)  
Look like a plate of neck bones  
(You look so good, look so good)  
I like to keep your body warm  
(Said I like to, said I like to, baby)

Sista Big Bones  
(Sista Thickness said, "I like you")  
Can a brother walk you home?  
(We can take the long way, baby)  
Look like a plate of neck bones  
(I want to be right there, baby)  
I like to keep your body warm  
(Keeping you warm, baby, yeah)

Sista Big Bones  
(Open your door, I think your brother)  
Can a brother walk you home?  
(I would listen to you, everything you do)  
Look like a plate of neck bones  
(How was your day?)  
I like to keep your body warm  
(Look so good to me, yeah)

Yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah  
Sista bigness, get down with your quick, quickness  
I hope you won't forget this, quickly, all forget this  
I'll be around till Christmas
