I can't stay away from you too long
Even if I do I'll always call
Checkin' on you, make sure you're okay
Be the one to brighten up your day, yeah, yeah

And the point of it all
Is I love you, yeah
You know I love you, baby

My days seem long whenever we're apart
It's like someone has thrown away my heart
You're a major part of my life
And no matter what the storm may bring I'm fine with
you

And the point of it all
Is I love you
And the reason for it all
Is I love you

I love you, girl
(Oh, I love you)
I love you, girl
(Oh, I love you)
Oh, I love you
(Oh, I love you, girl)

I can't stay away
(I can't stay away too long)
I can't stay away from you, baby
(I can't stay away too long)
Don't wanna be without you, I need you
(I can't stay away too long)
Oh, why don't you stay around for awhile?
(I can't stay away too long)

And the point of it all
And the point of it all
And the point of it all
And the point of it all

And the reason for it all

And the point of it all
Is I love you, yeah
I love you, love you
Love you, love, love you

Whenever we're apart
It damn near starves my heart
I don't ever want to be apart
