say you wanna walk out say you wanna leave
i can tell by the way we make love
you say things you don't believe
it's like your mind says no but your heart is saying yes
i felt the warning signs about a week ago
so I try to confuse you with happiness
yes I did

pre chorus:
God only knows
how you really are feeling inside
so I sat down with Venus
she said you're running with love in disguise

chorus:
baby I'm missing you crazy, I'm missing you like crazy
I've been thinking, drowning, sinking, wondering
who's loving you baby, I'm missing you crazy
I've been thinking, drowning, sinking, wondering
who's loving you now

All my friends say you're gonna be okay
but days have turned to weeks
and Marches have turned to May
and say you wanna be alone girl
but i see you holding his hand
'cause love is your religion girl you might hate the song
but you love to pain ..

[pre chorus:]
[chorus:]
who's loving you now
