Spooktime, spooktime
Let's enter the spirit world
This one's got it in for you girl
Let's enter the living world
Let's make it a double girl
Get set for the spirit world
Let's make it a boy and a girl
Let's make it a double girl
Get into the spirit girl

Let's make a pair
Boy and a girl
Born in a fog
Born under a cloud
A kick to the womb
And then we was out
Crawled up to be good people you see
But just for a while then it seemed you and me

Had no time to mess around
We'll be going underground soon
Now that's no time to mess around

Get into the spirit girl
Not sure, let's wait, let's wait
It took us too long to find out
Just how much we missed of our lives
Will either of us or neither of us
Will either of us be survivors of us

Let's make a pair
Boy and a girl
Born in a fog
Born under a cloud
A kick to the womb
And then we was out
Crawled up to be good people you see
But just for a while then it seemed you and me

Got no time to mess around
We be growing underground around

Now that's no time to mess around
Let's make a pair.
