All around the alphabet
To hide a sadder tale of someone sad at
Circling the Circumference
Show me the way from the periphery
But everybody is wrapped
In a warm embrace
With their arms around the answers
While I'm wrapped up
In my own rigamarole cause

CHORUS

I can't have that in my life
But soon I'll find
I won't have that in my life

Right or righteous? - I can't say
Another day, another dilemma
Don't have the time, thirst, wish, itch
or urge to fit
Or that's my story and I am

Stuck with it!

You're deep in conversation
Where you really swim
And in the shallow water
I'm the first one in
A straight-forward answer
Is out of the question
Why her whole body joins in
In the way she smiles but
It's all too much of a muchness for me

I'm the man who missed a sitter
The pearly-gate crasher
The king's new clothes hanger
Sceptical sucker
Straight man gone solo
- drunk or canned laughter

I'm sorry -
What was the question again?
