wait 'til i get over this phase
a weakness hard to break
is that i knock on an early grave?
i've gone wrong way to be saved

hey do you like the way that i've strayed?
the two of us couldn't stay the same
but i get the message through the haze
it's not too late to change

you told me, "go easy"
but i got carried away

you told me, "hey, it doesn't matter
hey, we'll work it out
we take care of one another"

light a way
light the way

some folks they just got to get high
and ours is not to reason why
do you like the way that i've strayed
from every promise i've ever made"

you told me, "go easy"
but i got carried away

you told me
"it doesn't matter. hey, i'm on your side.
i love you and i know that you'll do better next time."

[(i know i'm no better)
(i know i'm no better)
(i know i'll know better)
(i know i'll know better)]

hey, it doesn't matter
hey, we'll work it out
we'll start anew and try to do it better
hey, will you light the way?

you told me, "go easy"
got carried away
