she went first - you're unusual  
buy your clothes from widows now  
so you dress unusually

but usually, she'd be buying clothes for you

she went first - that's unusual  
you stand apart at the bar now  
drinking the usual

but usually, she'd be buying those for you

slide out of my mind, waste the daytime...  
send me one sign: "guess i'm fine."  
out of my life  
it's when you're there, fresh on my mind  
that i just slide

shared hard work  
stay - you're capable  
in second-hand shop windows  
it's business as usual

but usually, she'd be wearing those for you

slide out of my mind, waste the daytime...  
send me one sign: "guess i'm fine."  
out of my life  
it's when you're there, on my mind  
i just slide

(usually, usually)  
usually, out of my mind  
(usually, usually)  
usually  
(usually, usually)  
usually, i'm wasting my time

slide out of my life, waste the day time...  
send me one sign: "guess i'm fine"  
out of my life

it's when you're there, (fresh on my mind) on my mind  
i just slide  
'cause it's when you're there  
on my mind  
i just slide
