Beauty is within grasp
Hear the islands call
The last mile is upon us
I'll carry you if you fall

I know the armor's heavy now
I know the heart is tired
It's beautiful just over
The wild mountainside

Snow is falling all over
Out of clear blue sky
Crow is flying high over
You and I are going to wander

High up where the air is rare
Wild horses ride
It's beautiful, let's go over
The wild mountainside

Wild and free we roam
Only a mile to go

Wild and free we roam
Only a mile to go

Beauty is within grasp
Hear the highlands call
The last mile is upon us
I'll carry you if you fall

I know the armor's heavy now
I know the heart inside
It's beautiful let's go over
The wild mountainside
It's beautiful just roaming
The wild mountainside
