

## Latency, The "Pick Me Up"

Visit "[Pick Me Up](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Who knows where I'll be tomorrow  
But I can't listen to today anymore  
Cause all this singing feels so hollow  
There ain't no soul inside this sound  
So let's turn this thing around

### CHORUS

We'll dance (dance) and shout (shout)  
Let's live (live) out loud  
I need a pick me up cause I'm falling down  
(Pick me up cause I'm falling down)

We'll move (move) we'll bounce (bounce)  
Let's break (break) and shout  
I need a pick me up cause I'm falling down  
(Pick me up cause I'm falling down)

So tell me something I'll believe in  
Don't just throw your words around anymore  
Cause I really want to feel you mean it  
There ain't no rush inside my chest  
So let's put this thing to rest

### CHORUS

We'll dance (dance) and shout (shout)  
Let's live (live) out loud  
I need a pick me up cause I'm falling down  
(Pick me up cause I'm falling down)

We'll move (move) we'll bounce (bounce)  
Let's break (break) and shout  
I need a pick me up cause I'm falling down  
(Pick me up cause I'm falling down)

I want to say goodbye for good,  
I want to say goodbye now  
Now ooh, now ooh

I want to ride you out for now,  
I want to ride you out now  
Now ooh, now ooh

I want to say goodbye for now  
So who knows where I'll be tomorrow  
I just can't --

#### CHORUS

We'll dance (dance) and shout (shout)  
Let's live (live) out loud  
I need a pick me up cause I'm falling down  
(Pick me up cause I'm falling down)

We'll move (move) we'll bounce (bounce)  
Let's break (break) and shout  
I need a pick me up cause I'm falling down  
(Pick me up cause I'm falling down)

So we'll dance (dance) and shout (shout)  
Let's live (live) out loud  
I need a pick me up cause I'm falling down  
(Pick me up cause I'm falling down)

We'll move (move) we'll bounce (bounce)  
Let's break (break) and shout  
I need a pick me up cause I'm falling down  
(Pick me up cause I'm falling down)
