maschine zeit frustration  
a void inside creation  
maschine suicide nations  
genocide love injection

Hi tech red light  
i waitin' for new dawn  
Hi tech red light  
i'm ready for new round

RIT:  
this is the rise  
black anthem right  
the new creation  
ofmaschine zeit

maschine zeit perfection  
a touch of robot dissection  
maschine assassination  
genocide love alienation

ashes of mankind  
I waitin' for my gain  
ashes of mankind  
I waitin' for your pain

RIT:  
this is the rise  
black anthem right  
the new creation  
ofmaschine zeit
