Your sweet love, your sweet love  
Is holding me, is touching me  
Your sweet love, your sweet love  
Is watching me, is kissing me

And every time I see you smile  
It makes me hope, it did go wild  
Holding, feeling, touching, dreaming

I lay down and think of you  
Imagining things we'll do  
The things we'll do

It's after you  
Oh, you, oh, me too

Your sweet love, your sweet love  
Is thrilling me, is still in me  
Your sweet love, your sweet love  
I know where I would rather be

'Cause every time you touch my skin  
I feel your whole love come in  
Holding, feeling, touching, dreaming

I lay down and think of you  
Imagining things we'll do  
The things we'll do

It's after you  
Oh, you, oh, me too  
I give up, I give in  
Things we'll do  
Things we'll do
