I might not know what to say, rollin up in my mercury
I'm on the sea and private toys, momma taught me
how to kill them boys
My homeboys name is lil troy, me my name is Carlos
Coy
Roll on tweenty two inch alloys, but that'll neva be my
pride and joy
My lil girl she off the hook, make my ass stop and read
a book
On her stove know'n how to cook, now i know how an
angel look
My beauty queen, My billy jean, some they come right
in between
I dont let nobody fuck up my dreams, so i pack bubble
gum machines
Everybody wanna wanna wanna be da king, bitch get
off my dingaling
I'll soke yo ass in gaseline now listen to my fat girl sing

(Chorus)x4

He's all cot up

(SPM)

Hold up maan now stop the lac, i think i forgot my bom
bom sack
With my homeboy lonny mack, i'ma smoke till i have a

Where my army at, stay on attack, one good shot and
we all react
I smell a rat, so i feed the cat, me be cool oh neva that
My chedda's fat, i'll get the gat, botha my pockets hella

(Chorus)

He's all cot uuuup

(SPM)

Screwston tx were i roam, bought me home off a
telephone
Took my wife on a trip to rome, bought girlfriend
silicone
That vanilla bone, in the killa zone, 5 foot nine with high
heellas on
I sipp batron, flip my phone, left that pearl white bitch
alone
Most my friends aint around, dead, locked up, or just
cant be found
I keep my lil girl safe and sound, daddy gonna buy a
cinderella gown
And if that gown should disappear, heaven is real but it
isnt here
You cant take no souviners, like those diamonds in
your ears
Raised my daughter differently, cause the life i lived
wont set me free
Write my list of enemies, and kill them hoes
alphabetically
Uuhh

(Chorus)
