1- {Woof!} (Bark like you want it)  
{Woof!} (Bark like you want it baby)  
[4x]

Big man is back, oh no, it's a brand new flow  
Lettin you jakes and females know  
Ain't a damn thing changed and I still got dough  
Still gettin watched by po-po  
You know what a flow like, never grab a ol' mic  
Never been down wit the slow life  
Baby I'm a low life lookin for the right type  
To get it goin on for the whole night  
King of the backside, look at my rep  
One of these West Coast vet[eran]s  
Known to lay bone and make miniskirts moan  
Young hotty got me sittin like stone {mmmm}  
So I'm at the Magic City  
So many freaks in one spot; I'm dizzy  
I'm a playa so you know I wanna play  
It ain't nuthin like the city Black-lanta GA!  
Now I start lookin through the mist  
Swangin my game like this  
Wassup wit the table poppin  
Fine, 5'9", and I'm jockin  
But the girl won't dance  
And I pinch me a 10, bout to wet my pants  
She got body fo days, but the girl won't flaunt it  
(You betta bark like you want it!)

Repeat 1

2- {Woof!} (Bark like) {we want it!}  
{Woof!} (Bark like you want it baby)  
[4x]

Bow wow, bow wow, gimme my dog chow  
Put me on a leash or else I'm gonna have to snap now  
Humpin yo leg, this doggy don't beg  
Got a tight rubber cap on my HEAD  
So check this game when I'm comin through the hood  
Swingin round blocks but I don't sell goods

Mad brothas mean mug cause they wish they would  
Get a fine thang like I could  
You bought a 6-4 wit the 3-wheel mo'  
Got no females in ya passenger door  
You wanna playa hate cause you just don't know  
Bout the fast track makin yo hoe go  
(Damn baby, why don't you let me ride wit 'chu?) Here I  
go again  
Done took yo girl cause I don't like men  
Got to the crib, romance don't phase me  
Pulled to the house playin (Freak me baby)  
Video check 1-2 1-2  
Me and baby girl's bout to get loose  
And just when I thought I could palm it ...  
(You betta drop to yo knees and bark like you want it!)

{Woof! We want it!}  
(Meow, come and get it baby)  
[4x]

repeat 1, 2
