Said you had a dream, I was on the side it,
all the class I'm thinking about it
Told your friend that you can't go a day without it,
day without it, day without it X 2

She so excited, she won't leave me alone
She so excited, she gotta have me
She so excited, all on the phone
She so excited, I'ma let her ride
She so excited, she can't hide it
She so excited, she thinking bout
She so excited, no doubt about it
She so excited

Said you had a dream, I was on the side it,
all the class I'm thinking about it
Told your friend that you can't go a day without it,
day without it, day without it X 2
She so excited, she can't hide it
She so excited, she thinking bout
She so excited, no doubt about it
She so excited

No , she makes, outside
If you want me to ,
Now you pillow talking ,
I remember the day I first made the ,
,I ain't fucking with ya, might broke your heart
But I still hit the sweet spot, in my car, push button start

She so excited, she won't leave me alone
She so excited, she gotta have me
She so excited, all on the phone
She so excited, I'ma let her ride
She so excited, she can't hide it
She so excited, she thinking bout
She so excited, no doubt about it
She so excited

Said you had a dream, I was on the side it,
all the class I'm thinking about it

Told your friend that you can't go a day without it,
day without it, day without it X 2
She so excited, she can't hide it
She so excited, she thinking bout
She so excited, no doubt about it
She so excited

She so excited, she so excited, we working out like she
on a diet
Sometime we need a , to hide
She fucking loud, she never quiet, she energized, she
never tired
She got an appetite, she make me ride
She got me high, my starship going Enterprise
I know you gonna let me in alright,
Got a whole new exercise, exercise,

She so excited, she won't leave me alone
She so excited, she gotta have me
She so excited, all on the phone
She so excited, I'ma let her ride
She so excited, she can't hide it
She so excited, she thinking bout
She so excited, no doubt about it
She so excited

Said you had a dream, I was on the side it,
all the class I'm thinking about it
Told your friend that you can't go a day without it,
day without it, day without it X 2
