You took my breath away
Now I want it back again
Look at the mess i"m in
I don't know what to say,
I don't know how to feel
YOu don't care anyway
all I can do is write
YOu took my breath away.
YOu took this song of mine,
And changed the little bit
It used to sound alright
But now the words don't fit.
It's getting hard to rhyme
Impossible to play
I've tried it many times
YOu took my breath away.

One day when the sun is shining
There will be that silver lining
You knocked my headlights out
So turn them on again
I can't see where I'm going
I can't tell where I've been
I don't know how to feel
This hasn't been my day
Seems like I've lost a wheel
You took my breath away.
YOu took my breath away
You took my breath away
You took my breath away.
