I have to admit
The hardness of your jaw scares me a little bit
And the way you're gripping the mug
Makes me just a tad uneasy

So maybe you're worried or mad
And maybe you're anxious maybe you're sad
But my biggest fear of all
Is that you heard it through the grapevine and finally
figured it out

I'm tired of yelling
These past few days
Have been a hell for me
I know I didn't have a right
But please don't say that you think this could be our
last fight

I know by now you've got every reason to leave
I will discourage taht
cause a part of me wants to make it clear
that the two of us are both supposed to stay right here

I didn't want this
I should have been me
I should have told you for myself
It's just that I was curious
And probably bored
But trust me you mean more than he does

The clothes that I'm wearing feel loose
There's dried paint on my hands and knees
All I can do at this point
Is try to eek out of you compassion or some pity

I'm so sorry
Please forgive me
I'm sorry
Please forgive me
I love you
I'm so sorry

I'm so sorry
I'm so sorry
Please forgive me
I'm sorry
Please forgive me
I love you
I'm so sorry
I'm so sorry
