Un, deux, trois

Oh I say
Oh I say
Oh I say
Say, say, say

Oh-oh-oh-oh-oh-oh

Un, deux, trois, quatre, cinq
Oh I say, un, deux, trois, quatre, cinq

Pardon my sensations but
You give me palpitations

I say un, deux, trois, quatre, cinq
Oh I say
Un, deux, trois, quatre, cinq

I don't wanna marry you
Just an old school rendez-vous
Covert kisses leave no trace
Come on let's collaborate

Oh I say
Oh I say
I say, I say

Un, deux, trois, quatre, cinq
Oh I say
Un, deux, trois, quatre, cinq

Pardon my sensations but
You give me palpitations
I say un, deux, trois, quatre, cinq

Maybe time will ruin what we oughtn't be pursuin'
I say, un, deux, trois, quatre, cinq,
Un, deux, trois, quatre, cinq

I don't wanna tie you down

Forget tomorrow, think of now
Backstreet kisses, leave no trace
Don't be mean and make me wait

Oh I say
Oh I say
Say, say, say

Un, deux, trois, quatre, cinq
Un, deux, trois, quatre, cinq

It's my life, I give when I wish to give
(I give when it's right)
We're born free, no price to pay
(I can do what I feel)
Take my love, take it from me today
(We deserve to be happy)

I don't want a ball and chain
Just a timeless escapade
Infiltrate me, make me sigh
I've got pleasure on my mind

Oh I say,
Oh I say
Say, say, say,

Un, deux, trois, quatre, cinq
Oh I say
Un, deux, trois, quatre, cinq

Pardon my sensations but
You give me palpitations
I say, un, deux, trois, quatre, cinq

Maybe time will ruin what we oughtn't be pursuin'
I say, un, deux, trois, quatre, cinq,
Un, deux, trois, quatre, cinq

Oh I say
Oh oh oh oh
Oh I say
Say, say, say
Oh I say
Oh oh oh oh
Oh I say
