D. Esposito/R. Byram)

It's one you together

And I loved you right from the start

There's nothing that's better

And there's nothing to keep us apart

Now I wanna tell you

How special your love is to me

Cause this is the night

Gonna make it just right

And show you how love's gonna be

I'll take care of you

When you want me to

And do the things you want to do

If you stay with me

I'll give constantly

All the lovin' you're wantin' from me

Chorus:

This is my promise to you

From my heart and my soul this is true

Bring you happiness

Give you all the rest

Spend all my time on you

This is my promise to you

Darling, nothing will hurt you

Cause your happiness

Is my happiness

I'll always forever be true

This is my promise to you

Oh yes, I remember

There were days when nothing seemed right

(nothing seemed right)

I needed somebody, needed someone to share my life

(share my life)

But I never dreamed

About a lady like you lovin' me

(lady like you lovin' me)

But now everyday

I thank God as I pray

For sending an angel to me

I'll take care of you

When you want me to

And do the things you want to do

If you stay with me

I'll give constantly

All the lovin' you're wantin' from me

From me

## Chorus
