What must I do

I tried everything I could possibly think of

I searched my whole life to find

Someone like you

You mean so much to me

It's a feeling that I just can't describe

I love to feel your touch

The passion between us when I'm deep inside

You are a part of me

One heart one destiny

I want to love you endlessly

You are a part of me

The only love my eyes can see

What do I have to do to make you believe

Why do you question me

I can erase the things that I've done in the past

I want to convince you

That I'll do anything to make these emotions last

These hearts? to me

Tell me what to do

I really want you to believe

All that I say is from the bottom of my heart

But I reach into my soul to say

You are a part of me

One heart one destiny,

I want to love you endlessly

You are a part of me

The only love my eyes can see

What do I have to do to make you believe

In my arms you feel so warm and tender

In your eyes I see forever

Come dance with me

You are a part of me

One heart one destiny

I want to love you endlessly

You are a part of me

The only love my eyes can see

What do I have to do to make you believe
