Everyday faces that say hello
Everyday faces that come and go
Everyday faces that stay the same
Everyday day after day

There was a day
When all everything changed
People all came
Stood in the rain
They ain't got a cent (they not the same)
Policeman walked in
The statues all waiting (???)
They wanted a change
Everyday face

Was a time all we could do was try
Was a time when we could say goodbye
Now you find you never do a thing (the same)
Does today feel the same way

Cos there was a day
When all had been changed
People all came
Danced in the rain
They ain't got a cent
And a policeman walked in
The statues all wait (??)
All the same
Everyday face

There was a day
When everything changed
The people all came
Danced in the rain
They're in pain
A policeman walked in
All the statues are waiting
They wanted a change
From an everyday face
Now you're looking at me
Like I'm so passe

I'm a disgrace
Just an everyday face
