"Good Time Girls"

Visit "[Good Time Girls](#)" on MotoLyrics.com

It's another summer holiday
We go looking out for the good time girls
Good time girls smarter than normal girls
Good time girls drinking and taking pills
Good time girls having a good time

Sit in the sun drinking expensive wine
Good time girls I want to be with you
Pick me up when I am feeling blue

It's another summer holiday
We go looking down for the good time girls
Good time girls smarter than normal girls
Good time girls straight hair and hair that curls
Good time girls having a good time
Sit in the sun drinking electric wine
Good time girls will you come out with me
Making me happy bringing me cups of tea (ha!)
Oh yes
Good time girls having a good time etc...
