Turn me on to something
I don't want to be alone
My heart is like a stone and it's sinking

Stay with me, I didn't mean to hurt you
Don't you know
I didn't get where I am with much thinking

And I'm not sentimental
But I know where I belong

Come out and fight
For love and life
Tell me things 'til I forget my name

Speak your mind
And learn your lines
Tell me things 'til I forget my name

The say that if you hate yourself
You like yourself enough
You like yourself enough to be a hater

But you can't get enough
Of all that unrequited stuff
So open up to love and see what's there

And I'm not much of anything
But know where I belong

Come out and fight
For love and life
Tell me things 'til I forget my name

Sing your life ???
And learn your lines
Tell me things 'til I forget my name

Is this the best that we can do for one another
Asking the questions thinking of another
When you better come out fighting for your life

Come out and fight
For love and life
Tell me things 'til I forget my name

Speak your mind
Sing your lines
Tell me things 'til I forget my name
