I know it's not your fault but I'm a locked door
And inside I'm a mess by someone before
And I wish that I, I could find a key
To unlock all the things you want us to be

Let me open up and start again
But there's a safe around my heart
I don't know how to let you in
That's what keeps us apart

And that's why I need time
I said I need you
I need you to understand
You, you, you
I need you to understand
You, you

Call up the locksmith, tell him we need him quick
We've got a million keys, none of them seem to fit
While you're on the phone, call up the locksmith
'Cause I could use some time, even the slightest bit

Let me open up and start again
And break the safe around my heart
I don't know how to let you in
That's what keeps us apart

And that's why I need time
I said I need you
I need you to understand
You, you, you
I need you to understand

I'm thinkin' now's the time, maybe it's time to go
If I gave you my heart, be gentle
I'm tired of layin' low, let's give the world a show
And when you know, you know

(Oh, oh, oh, oh, oh, oh, oh, oh)
And when you know, you know, you know
(Oh, oh, oh, oh, oh, oh, oh, oh)
And when you know, you know, you know, you know

And that's why I need time
I said I need you
I need you to understand
You, you, you
I need you to understand
You, you, you

I need you to understand
I need you to understand
I need you to understand
I need you to understand

And I need you, I need you
And I need you, I need you
You, you
