Take me away, take me away  
You said that you were gonna stay  
But you're always lying anyway  
You're gonna suffer if you don't start breathing now  
Now that I need you  
You're going away

Everyday sinking into quicksand  
Follow me down the drain

But it doesn't matter anyway  
You're gonna get yours any day  
And while you put the blame on me  
If you could only see yourself as others see  
Now that I need you  
You're going insane

Everyday sinking into quicksand  
Follow me down the drain  
Everyday drinking in the same bar  
Drowning my sorrows away

Take me away, take me today  
Or I'm never gonna get away  
But it makes no difference to me  
It's just the sound of one more rock star bleeding out  
Now that I need you  
You're out of the frame

Day by day, sinking into quicksand  
Follow me down the drain  
Everyday drinking in the same bar  
Made mine the same again
