Said you were a friend
How did you do that?
Said you'd be there till the end
Now you're treatin' me like a cat
Flaps flap

You're a rock and salad roll
Born to lose control
You're livin' your life
On the edge of the bowl

Said you were a fool
How did you do that?
Sold your sold your sold your soul
Now your stuck like the pull in the rat
Traps trap

You're a rock and salad roll
Born to lose control
Now you remind me
Ah stubbin' my toe
Ooh

You're a rock and salad roll
Born to lose control
You're livin your life
On the edge of the bowl

Oh bless my soul
