(X2)

You said you'd call
And I beg you to do so

Maybe you don't wanna grow
To find all the things
To makes grown up cry
You surely wanna stay too high

(X2)

You said you'd call
And I beg you to do so

Maybe you don't wanna show
That tears have drawn your dreams
Just dive in your mind
And find all the treasures inside

(X2)

You said you'd call
And I beg you to do so

I cannot hang on any thought
I'm falling from an endless boat
I dive into the darkest sea
And sharks are dancing around me (x4)

(X2)

You said you'd call
And I beg you to do so
