You say you're gonna take me down to New Orleans
Show this innocent girl something she's never seen
Dance me to a booca ray, benethe the voodoo moon
A get my little heart beatin' to a cajun toon

You pulled up to my house
& threw the car door open
Grinning like you got a secret
I can't guess
Maybe Lousiana's got some high cards showin
But you're the one who ain't seen nothing yet

Chorus:

It's gonna be a wild ride
If I get in beside you
A wild ride drivin' all night
If you think things get crazy on the bayou
Well honey your the one who better hang out tight
if you want my love it's gonna be a wild, wild ride

You didn't think that I would eat a piece of fried
alligator
There are some people doin' things, you'll explain to
me later
You're gonna put my little head into a school girl spin
Doin' things I've never done, in a place I've never been

Let me tell you something bout the girl you're chasin
If I like the road, I just ignore the lights
Anyone can see you're just mile racing
But boy I don't think you realize

Chorus:

It's gonna be a wild ride
If I get in beside you
A wild ride drivin' all night
If you think things get crazy on the bayou
Well honey your the one who better hang out tight
if you want my love it's gonna be a wild, wild ride

Mardi Gras might be a big deal

Bourbon Street, she's got her own appeal
But if you dare put you're hands on the wheel

Chorus:

It's gonna be a wild ride
If I get in beside you
A wild ride drivin' all night
If you think things get crazy on the bayou
Well honey your the one who better hang out tight
if you want my love it's gonna be a wild, wild ride
If I get in beside you
A wild ride drivin' all night
If you think things get crazy on the bayou
Well honey your the one who better hang out tight
if you want my love it's gonna be a wild, wild ride
If I get in beside you
A wild ride drivin' all night
If you think things get crazy on the bayou
Well honey your the one who better hang out tight
if you want my love it's gonna be a wild ride
