VERSE 1

I see Your glory covering the earth, Lord
Just as the waters are covering the sea
I see the millions coming to salvation
I see revival fire in the land

VERSE 2

I see the lost and nameless ones remembered
I see the widows shouting out Your praise
I see the friendless loved and celebrated
Orphans fulfilling, Lord, Your calling on their lives

CHORUS

Do it Lord, do it Lord,
Do it Lord we are praying,
Do it Lord, do it that Your glory may be seen

VERSE 3

I see forgiveness overtaking hatred
Pride and prejudice now giving way to love
I see depression replaced with joy and gladness
And Satan's lies now bowing to the Truth

CHORUS

BRIDGE

This is our prayer O God
This is our desperate cry
In these days that we're living now
Let Your kingdom come
Let Your will be done

VERSE 4

I see the brokenness of families brought to wholeness
I see the prodigals running home to You
Father's hearts now turning toward their children
And the children's hearts turning toward their father's

VERSE 5

I see Your church rising up in power
Laying down their lives in unity and love
I hear the sounds of every tribe and nation
Giving glory to Jesus Christ the Son
