All I Remember

Please explain, someone tell me why
When I got it good like a body should
Go on and leave me high and dry

More than I care to handle anyhow
Go screaming what's right is right
If I were brave you know I might

I want cool lines, slow talk, I find
A little bit of lonely takes it away

Oh I can almost feel it
But I don't want to wake up
I don't want to wake up

All I remember I try to forget
It keeps coming again
Leaving no end
All I remember I try to forget
What's done is done
So we begin again

Caught again, Bell to the ground
I swore this mystery would not take me down
No way of telling me that this is how it has to be
I'm pretty sure I've seen paradise

I want cool lines, slow talk, I find
A little bit of lonely takes it away

Oh I can almost feel it
But I don't want to wake up
I don't want to wake up

All I remember I try to forget
It keeps coming again
Leaving no end
All I remember I try to forget
What's done is done

So we begin again
