Drive

Sun comes up, good enough to be the start of  
something  
Was a time, think that I might have missed the day for  
nothing  
What would it take to make the great escape  
My beat up dirty car, ready to go far  
Got to be somewhere, better than nowhere  
Wish away these might have beens

All go by, let it ride, let it count for something  
All go by, let it ride, let it count for something  
All I wanted will be mine  
Be it rain or be it shine  
I won't stop until I find it  
Out there somewhere, Drive

Drink it down, all the sounds rushing outside my  
window  
Far and wide, sometimes I watch the passengers roll  
on  
Swing from a star no matter where you are  
Got to catch up sooner or later  
Got to be somewhere, better than nowhere  
Wish away these might have beens

All go by, let it ride, let it count for something  
All go by, let it ride, let it count for something  
All I wanted, All I wanted, All I wanted  
I can find  
All I wanted will be mine  
Be it rain or be it shine  
I won't stop until I find it  
Out there somewhere, Drive
