Fine Romance

We've got such a fine romance  
Close calls all at long distance  
I can hit the pavement whenever you might feel  
There is nowhere to go  
No place is my own

Mondays they still come and go  
Filled with nicotine and no shows  
Your passions only good about two days a week  
There's nowhere to go  
Nowhere's my own

All that I want  
All but has up and gone  
I should have known  
All I want  
Now and then becomes the start of the end

All for love  
All for love  
All for love

Knock knock there's nobody home  
Fancy invites to a tired joke  
Punch me with that line that has been  
Making you so weak  
There'll be nowhere to go  
Nowhere's my own

All that I want  
All but has up and gone  
I should have known  
All I want  
Now and then becomes the start of the end

All for love  
All for love  
All for love
